ABOUT THE INSTITUTE

The Regional Ayurveda Research Institute (RARI), Gwalior is a premier research Institute working under the Central Council for Research in Ayurvedic Sciences (CCRAS), an apex body of Ministry of AYUSH, Government of India for the coordination of Research in Ayurvedic Sciences on Scientific lines. Besides catering to the needs of public healthcare through hospital based services, the Institute is also devoted to research in various domains of Ayurvedic Sciences. The RARI, Gwalior has the mandate to focus on Pre-Clinical Research & Drug Standardization. The other research areas of RARI, Gwalior include Clinical Research, Health care services through Out- Patient Department (OPD), In-Patient Department (IPD), Panchakarma, Ksharasutra (O.T), Clinical Pathology laboratory and X-ray. The various sections like Ayurveda, Pharmacognosy, Biochemistry, Chemistry, Pharmacology and Animal Pathology departments of RARI, Gwalior has made significant accomplishments in the pursuit of its mission to coordinate multidisciplinary research activities related to Drug Standardization, Pre-Clinical Research and Clinical Research, for affordable healthcare, generation of knowledge base and nurturing future scope of Ayurveda. Outreach activities such as Tribal Health Care Research Programme under TSP, Ayurveda Mobile Health Care Programme under Scheduled Castes Sub Plan (SCSP) and many other assignment of National importance related to Research & Development in Ayurveda are carried out in the Institute.

The Chemistry and Pharmacognosy departments of Institute is accredited by NABL as per ISO/IEC/17025/2017. The Institute holds CPCSEA registered experimental animal house facility for conducting preclinical research. The Zebra fish facility for pre-clinical studies is available in the Biochemistry section. The Hospital of the Institute has completed the assessment of NABH recently.

The Institute has published various research articles in various National and International peer reviewed journals. The Institute has also organized various National and International seminars, CME, workshops at on various topics of scientific importance. The Institute is also conducting training related to Pre-Clinical studies for Graduate & Post graduate scholars.
