

# **DISTRIBUTION STATUS OF MEDICINAL PLANTS - CONSERVATION AND COMMERCIAL CULTIVATION IN ARUNACHAL PRADESH WITH SPECIAL REFERENCE TO NATIONAL MEDICINAL PLANTS BOARD**

**M.S. Rawat and Rama Shankar**

**(Received on 7.5.2003)**

*Present paper deals with the medicinal plants recommended by National Medicinal Plants Board for conservation and commercial cultivation. Attempts were made to find out the present distribution status of these plants in context of Arunachal Pradesh with strategies for their conservation and commercial cultivation, from lower to higher elevation of the state. It may act as a rich resource for socio - economic development of the state.*
